

Dr. Carolin Schmeding Partner

Carolin Schmeding has many years of experience in the structured financing of ships, containers and other maritime goods.

Carolin Schmeding has advised on numerous construction and long-term financings of seagoing vessels as well as structured container financings. In the context of the restructuring of maritime financings, she also advises on insolvency law issues.

One of Carolin Schmeding's main areas of practice is advising clients on corporate law in connection with share and company transfers as well as corporate restructurings. She advises investors from Germany and abroad on M&A transactions and accompanies their participation in companies in the German shipping industry.

Carolin Schmeding has been a lecturer in Maritime Law at the HSBA – Hamburg School of Business Administration from 2014 until 2020.
